Air 1 is a station that brings choice to those who are lucky enough to receive the signal in their area. In America we believe in the right to make choices and we respect those that differ from us. Air 1 offers an alternative for those who are tired of the constant sex driven secular music industry that keeps "lowering the bar". Air 1 is a vital part of what makes America "America" by honoring diversity. Air 1 is Christian based and many of us need that. Where else will we get it? PLEASE KEEP AIR 1'S SIGNAL GOING STRONG!!!!!
